CONWAY Electric MTB hardtail "Cairon S 1.0" (#1)

Description

The Cairon S 1.0 gives you a powerful, comfortable and safe start to e-mobility. The balanced geometry ensures stable handling and an active riding position - ideal for relaxed tours on forest trails, gravel tracks or through the city.

The combination of 29" wheels (depending on the frame size) and 120 mm travel on the RST Fork ensures that you can roll over obstacles with confidence. The Bosch Performance CX Gen. 4 engine provides you with reliable support, complemented by an integrated 625 Wh Battery and the smart Bosch Kiox 300 Display for full control on the go.

The Shimano 9-speed derailleur ensures precise gear changes, while 180 mm hydraulic Disc Brakes guarantee safe braking performance at all times. Robust Schwalbe Tough Tom tires offer you grip and stability on any surface.

Thanks to the high-quality aluminum frame and the well thought-out equipment, the Cairon S 1.0 is a reliable partner - whether for the daily commute to work, spontaneous excursions or sporty weekend tours.
